Dear Safety Professional:

SPAN™ extends a welcoming invitation to attend the **Construction Health and Safety Technician, (CHST)** Workshop that will be conducted **May 15-17, 2019** at the Building Industry Association (BIA), 94-487 Akoki Street, Waipahu, HI 96797. The nearest hotel to the venue is the [Hampton Inn & Suites Oahu/Kapolei](#)¹.

Workshops will be held from **0800 hours (8:00 a.m.) to 1600 hours (4:00 p.m.)** daily, with an hour lunch and periodic breaks. This advanced three-day workshop combines lecture, guided discussion and self-directed learning reviewing the exam blueprint contents. Theories, management systems, and applied fundamentals of the practice are the concepts presented on the exam. The workshop is delivered by a subject matter expert with several years of experience as a practicing safety professional. The facilitator serves as an exam mentor, ensuring an environment conducive to professional development. During each workshop, we proceed straight through the workbook, assisting you in working the math and science problems. We will also provide instruction and discussion about each of the theory or application questions.

The SPAN™ workshop materials include: a two-volume set of workbooks, BCSP approved calculator, notepad, pencil, pen, highlighter and a six-month membership to the exam prep online learning management system, CertBok®. Your six-month access to the CertBok® membership is activated upon registration, however, you may delay your membership activation by contacting us.

To reserve a seat in any workshop, full payment must be received prior to attending the workshop, unless special arrangements have been made².

SPAN™ reserves the right to cancel a workshop if the minimum number of registrants is not met. You will be notified by email if this occurs and have the option to a full refund or to move your registration to a different workshop. You are welcome to contact us at any time to check the status of a workshop.

SPAN™ is dedicated to our customer's professional development and success on the exam. Our workshops are guaranteed to help participants achieve certification. Any participant that attempts the exam and is unsuccessful, can qualify for the SPAN™ workshop guarantee³. A BCSP score report must be submitted to register for a complimentary SPAN™ workshop.
